

*The more shutters change,
the more likely somebody else built them.*

Norman Shutters™ — for strength, stability, and long-lasting durability.

When it comes to quality, it's hard to top Norman Shutters. Sussex® basswood shutters are custom created, one at a time, for matchless beauty, durability and long-term investment value.

- **Traditional Mortise and Tenon Joinery** – robust furniture joinery resists panel fatigue
- **Engineered Stiles** – internal reinforcement system sustains durability and shutter support
- **Hand Finishing** – five sequences of sanding and coating for brilliance and translucence
